Licensee Information Bulletin

Responsible Service

Checking ID

As owners/operators of a licensed establishment, it is your responsibility to ensure patrons consuming liquor and/or entering your premise are 19 years of age or older. If you or your staff are unsure as to the validity of a patron's identification, the age or identity of the person presenting the same, you may deny entrance to the premises or liquor service. You may wish to consider as "House Rules" the checking of ID for any person appearing to be under the age of 25 years or younger, and requesting 2 pieces of identification. Be cautious as you may still be held responsible if you accept a fake/false ID from a patron.

B.A.R.S. Course

The Licensing and Development branch would like to thank all the establishments and participants for attending the May BARS Courses that were offered in Whitehorse. All four sessions were well attended.

Due to the high interest in this course the Licensing & Development staff have made plans to deliver one more session on Wednesday, June 4, from 1:30 pm to 4:30 pm, in the main warehouse building at 9031 Quartz Rd in Whitehorse. To register please contact the Yukon Liquor Corporation at 667-5245.

At this time the Licensing & Development staff would like to encourage any establishments, non-profit organizations, or individuals to contact the Yukon Liquor Corporation if they would like to set-up a BARS course for their establishment or event.

To register for the June 4th course or to discuss options of setting up a course call 667-5245.

New Licences

The Board of Directors has granted conditional approval to:

- **Yukon Memories** (Duty-Free Store Whitehorse International Airport) for a Special licence.
- **Bonanza Steakhouse** (Whitehorse) for a Restaurant licence.

Spotting Fake ID

Procedures for Checking ID include:

- ⇒ Check ID at the door and identify minors before they enter.
- ⇒ Most importantly, provide an area with adequate lighting (or use flashlight) where ID will be checked. Staff are looking for very fine alterations and will need proper lighting and good eyesight.
- ⇒ Take your time and examine the ID closely. At the very least, check the photo (is this the person standing in front of you?), the birth date and expiry date.
- ⇒ Never accept ID without photo.
- ⇒ Hold the ID in your own hands, rather than allowing the patron to flash it at you. If it is in any type of case (wallet), have it taken out of the case (wallet) by the patron and have patron hand it to you.
- ⇒ Feel for extra thickness around the photo and the edge of the lamination. This may be an indication of a second photo placed on top of an original and re-laminated.
- ⇒ Make sure the lamination is perfect. If the photo card has been tampered with and re-laminated, there may be wrinkles or air bubbles in the plastic and the edges may not match up.
- ⇒ Does the colour of the photo look faded, yellowish or "off"? This may be a laminated colour photocopy.
- ⇒ Run your thumbnail over the date-of-birth line. If a new birth date has been taped over the original, your nail may catch it.
- ⇒ Look for consistency between numbers in the Date of Birth and Date of Issue. Are the numbers the same thickness, weight, and colour? If they have been altered, they may be thicker, heavier and darker.
- ⇒ Is there any fading around the Date of Birth? This may indicate that someone has tried to erase the original date.
- ⇒ Check the month of expiry on the driver's licence against the birth month. They should be the same.

Remember! You are under no obligation to accept any piece of identification or admit anyone into your licensed establishment.

New Wine Listings

From Canada

CSPC# 638148 Fortified Vintage Foch 2000

A new addition to our Marchel Foch line, the Fortified Vintage Foch, is a port-style wine produced from Quails' Gate Estate vineyards. This wine denotes intense concentration and richness true to follow. Matured in French oak for 18 months, this wine is characterized to have complex earthy notes combined with ripe berry fruit sweetness. A grand finale to a fine meal paired with stilton blue cheese or dark chocolate.

TECHNICAL NOTES:

VarietalBlend: 100% Foch
Vineyards: Quails' Estate, British Columbia
Alcohol: 19%

CSPC#639666 Old Vines Foch Reserve 2000

Produced from the best block of fruit of Quails' Gate Estate vineyards, this wine is the latest addition to their Family Reserve, premium line of fine wines. Distinctive and rare with blackberry, chocolate, toast, tobacco and peppercorn flavors, this wine depicts a rich finish with hints of truffle and complex oak integrations. Pairs well with game including elk and venison.

TECHNICAL NOTES:

VarietalBlend: 100% Foch
Vineyards: Quails' Estate, British Columbia
Alcohol: 14.5%
